RE: Amata Tuleuova

To Whom It May Concern:

It is with great pleasure and enthusiasm that I offer the highest recommendation of Amata Tuleuova. As the Founder and Chief Executive Officer of Skywide Logic, LLC, I had the pleasure of working with Ms. Tuleuova when she interned for us during the Summer of 2021. She was an integral member of the small, tightly-knit team working to build a an app aimed at helping Gen Z individuals make an impact in their communities, expand their skill sets, and find relevant jobs.

The demands presented by this challenging venture were exacting and the learning curve was steep, with the development team working in React Native and leveraging Google's Firebase database. Ms. Tuleuova took up the reins on day one and was able to structure the database, create necessary connections, and advise the team on the database needs so that data could be properly injected. Her critical thinking and problem-solving skills truly shined as she maneuvered through the complexities of the project.

In addition to her technical adeptness, Ms. Tuleuova was a pleasure to work with. Her collaborative nature was evident throughout her internship. Ms. Tuleuova's creative thinking, problem-solving, adaptability, and technical capabilities will ensure her success as a working professional.

It is without any reservation that I highly recommend her and urge you to as well. Should you have any questions or require additional information, please contact me. Thank you for your consideration.

Sincerely,
